

## **Job Title: Analyst – Delegated Authority**

### **Department: Pricing & Analytics**

#### **Job Summary**

The Analyst will carry out technical analysis and monitoring of MUA's portfolio of business via Third Party Administrators (TPAs) to optimise the performance and profitability of these portfolios.

#### **Main Responsibilities**

##### **Monitoring & Reporting**

- Monitor the performance of the TPAs' portfolios from the bordereaux received
- Identify reasons for deviation from expected results
- Analyse the premium and claims data to detect any trends/anomalies
- Monitor that adherence to the External Delegated Underwriting Authority agreements is respected
- Work closely with the Pricing team to devise and update pricing guidelines for the TPAs
- Monitor that pricing guidelines are followed strictly
- Recommend any required review of terms
- Produce regular management reports and dashboards

##### **Technical Control**

- Ensure that entries on the system are correctly processed in line with bordereaux received
- Carry out monthly on-site Technical Audits at TPAs' premises
- Liaise with Finance to ensure figures are correctly accounted

#### **Job Requirements**

- Degree in Mathematics/Statistics/Actuarial Science or other related
- Microsoft Office Tools including advanced knowledge in Excel
- Analytical acumen
- Knowledge of Insurance
- Fluency in written and spoken English and French

**Interested candidates are requested to send their CV on [recruitment@mua.mu](mailto:recruitment@mua.mu)**
